Other Tools: Docker, Docker Compose, Git, Linux

Experience

Frontend Engineer Intern
Lamsta - Startup Incubation, CITTIC, CUSAT | Kochi, Kerala
(May 2023 – Oct 2023)
- Developed Next.js web applications for Lamsta.
- Translated Figma designs into responsive interfaces.
- Introduced scalable solutions to enhance EventRadar's frontend dynamics.

Learning Facilitator
TinkerHub Foundation | Kalamassery, Kochi
(May 2023 - Oct 2023)
- Developed learning resources and provided mentorship to thousands of students across Kerala.
- Mentored participants in Latency 2.0, a national-level hackathon organized in TKMCE

Projects

U-Connect
- Developed a Flask-based web platform for college project management, featuring real-time communication and team management with Socket.IO.
- Utilized SQLAlchemy for database management and Bootstrap for responsive design.

E-Commerce Application
- Developed an Ecommerce application using Next.js and Supabase with all basic features
- Utilized razorpay for payment integration
